Mary says, "There are so many rewarding moments, not just for the youth, but for the leaders as well. When a child starts out their first year and has no confidence, to see the change in them after being in 4-H for several years is amazing. They literally become different, more confident, more organized, more diligent. And then when they win, to see the look on their faces, knowing how much time and effort they've put into the project, it is worth all the hard work. I will be a volunteer for as long as I possibly can. I know this is a great organization and that it works to strengthen the future of our children who will become our next generation of leaders."

Mrs. Mary Sutton has been very active as a leader and Mom in 4-H while raising three children through the program. She has been an active Club Manager of the Lucky Star 4-H Club for most of her 14 year 4-H experience. Her club has been responsible for many senior citizen community service projects in Everywhere County. Mrs. Sutton has been an active Beef Project leader, giving major support and encouragement to many successful major show Beef Exhibitors from Everywhere County. Her enthusiasm and dedication has made the Lucky Star 4-H Club a great learning experience for many youth over all her years as a leader and Everywhere County is proud to recognize Mrs. Sutton as their Golden Clover Volunteer for 2011.
