

# Youth Entomology Summer Camp

Texas AgriLife Extension's Entomologist, Molly Keck, is hosting our 5th annual summer camp for junior entomologists. If you are interested in bugs, insects, and other creepy crawlers, you are welcome!

We will be collecting insects, putting together amateur collections, doing experiments with insects, learning how to properly identify insects, and learning how insects are important.

Campers will receive an insect collection kit (net, forceps, killing jar, pins, spreading boards, magnifier, booklet, pens, collection box, and collecting bag), perform experiments, and become junior entomologists.

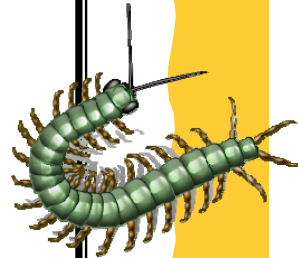

***It's the Most Fun Your Kids will EVER have  
with bugs!***

**Who:** Youth, ages 7 and up  
**Where:** Bexar County Extension Office, 3355 Cherry Ridge, Suite 208  
**When:** Camp #1 - July 15-18, 2013  
Camp #2 - July 22-25, 2013  
**Time:** 9am-1pm (snacks provided)  
**Cost:** \$100 Checks payable to "Texas A&M AgriLife Extension"

**If your child attended last year's camp and does not need another kit, cost is \$50.**

**If your child attended last year and needs kit materials but NO net cost is \$75 (includes labels, magnifying glass, collection jars, label pen, killing solution and bottle, spreading board, and collection box).**

Space is limited to the first 20 paid, complete registrations. Please register by **July 1st for Camp #1 and July 8th for Camp #2** to allow enough time to purchase necessary materials.
