

Join us for a
TEXAS A&M AGRI LIFE EXTENSION
Tots Science Camp

AGES—2-5 years

WHEN—10am-12pm

WHERE: 3355 Cherry Ridge Suite 208
(Bexar County Extension Office)

COST: \$20/session/child

Young Science Tots Invited!

Texas A&M AgriLife Extension is offering science camps specifically geared for younger children. We will be learning lessons, performing experiments, and doing activities—all hands on!

Parents are encouraged to stay with young children. Snack is provided. For more information, contact the instructor for your session.

BUGS

July 25, 2014 or August 8, 2014

Become junior entomologists. We will cover the basics of what makes an insect an insect. Campers and parents will get chance to see live insects and arthropods, dig through dirt to uncover what insects are living together & build a bug sucker!

Camp led by Entomologist, Molly Keck,
mekeck@ag.tamu.edu

PLANTS

August 1, 2014 or August 15, 2014

Learn the parts of plant, how plants get energy from the sun and food from the soil. Watch the roots work with an experiment, and enjoy take home crafts activities that you can plant at home.

Camp led by Youth Garden Coordinator, Natalie Cervantes, ntcervantes@ag.tamu.edu

EACH CLASS WILL BE OFFERED TWICE. YOUR \$20 FEE WILL COVER ONE CLASS, TOTAL IS \$40 FOR A BUG & PLANT CLASS.

*Please make checks payable to
Texas A&M AgriLife Extension*
