Berries, berries and more berries.....

Texas is indeed a land of berries. From trailing Austin dewberries in Central and South Texas to strawberries of San Antonio. There are many adaptive berries for the erratic, and environmentally-challenging growing conditions of this area. Come visit with our very own Bexar County Horticulturist, David Rodriguez and learn how to select, properly plant, maintain berries, and much more.

For more information and to RSVP, contact Angel Torres at (210) 467-6575.

You may pay your registration fee of \$10 in advance or at the door. Make check payable to **Texas A&M AgriLIFE**

Individuals with disabilities who plan to attend meeting and who may need auxiliary aid, service or accommodation must contact the Bexar County Office at (210) 467-6575 five days prior to the event so that appropriate arrangements can be made.

Educational programs of Texas A&M AgriLIFE Extension Service are open to all people without regard to race, color, sex, disability, religion, age, or national origin. The Texas A&M University System, U.S. Department of Agriculture, and the County Commissioners Courts of Texas Cooperating.
