

Texas Community Futures Forum

Developing educational programs based on community needs is the foundation of Texas A&M AgriLife Extension's success.

Our mission is "Improving the lives of people, businesses, and communities across Texas and beyond through high-quality, relevant education."

Our ability to meet educational needs depends on knowing what local residents see as the issues that impact their lives. To learn what those issues are, Texas A&M AgriLife Extension Service of Bexar County and its Leadership Advisory Board will be hosting a Texas Community Futures Forum on Friday, April 5, from 9 a.m.—11:30 a.m.

We cordially invite you to attend the forum to help us identify the problems and issues facing Texans today.
