

## HELPING TEXANS BETTER THEIR LIVES

### NETWORK

Through a statewide network of professional educators, trained volunteers, and county offices, Texas A&M AgriLife Extension addresses the diverse range of contemporary and emerging issues that affect local communities

### INVOLVEMENT

Whether leading diabetes education programs, giving demonstrations on passenger safety, conducting agriculture field days, offering web-based classes for child care licensing, or answering questions one-on-one about soil testing, Texas A&M AgriLife Extension provides relevant continuing education that encourages lasting and effective change.

### COLLABORATION

AgriLife Extension partners with many external organizations, including thousands of trained volunteers, to deliver local programming.

## Education Sessions

**6,120** educational

sessions were held in 2018, covering topics such as healthy cooking, reducing the risk of chronic disease, crop selection best practices and livestock management. Sessions were also conducted in job training and certification for child care providers, food handlers and pesticide applicators.

## Youth Active in 4-H

**44,543** youth are enrolled in

local 4-H clubs and activities in the county, empowering them with the skills they need to succeed in life and career. Popular 4-H projects include shooting sports, food science, healthy living, robotics, fashion, photography and more.

## Program Participants

**329,248** Bexar County-area residents participated in AgriLife Extension programs in 2018.

## Educational Outreach

**514,043** people were reached in 2018.

AgriLife Extension relies on multiple methods to contact the public, including newsletters, television and radio interviews, and social media.

## Volunteers

**4,901** volunteers in Bexar County help AgriLife Extension extend our educational programming. We rely on a dedicated network of more than 100,000 volunteers across the state who contribute more than 3.6 million hours of service each year. Volunteers are needed to support programs such as gardening, natural resource management, healthy living and youth development. **To learn more about becoming a volunteer, visit the AgriLife Extension website or contact your local Extension office.**
