Who are Texas Master Gardeners?

Master Gardeners are members of the local community who take an active interest in their lawns, trees, shrubs, flowers and gardens. They are enthusiastic, willing to learn and to help others, and able to communicate with diverse groups of people.

What really sets Master Gardeners apart from other home gardeners is their special training in horticulture. In exchange for their training, persons who become Master Gardeners contribute time as volunteers, working through local Extension office to provide horticultural-related information to their communities.

**The Master Gardeners of Bexar County is a volunteer service organization
representing Texas A&M AgriLife Extension Service
Educational Outreach efforts.**

We are looking for individuals with the time and willingness to volunteer in Youth and Adult educational outreach
When are you most likely available to volunteer for projects?
