COVID-19 Update from Bexar 4-H

Howdy 4-H Family,

As I'm sure you're all aware, our nation and state are currently navigating difficult waters regarding the spread of COVID-19 (<https://texashelp.tamu.edu/coronavirus-information-resources/>). We are taking guidance at this time from our agency, local government, and federal government on how best to advise our groups to mitigate the probabilities of infection and further spread of the virus. **Please read the following recommendations regarding public gatherings/social distancing, and best hygiene practices.** We know you all have been made aware of this information, but we'd like to emphasize the importance of these practices so we can hopefully return to a normal state of operation in the near future.

1. The following actions are being taken regarding educational programs and face to face meetings:

- a. All AgriLife face-to-face meetings have been cancelled at this time. This status will be reviewed based on the statewide public health disaster declaration made by the Governor. All 4-H Programming will be suspended until **Tuesday September 8, 2020.**
- b. ***Our physical office will be closed until Monday, September 7, 2020.*** Currently, we are implementing a telecommuting solution to minimize as much person to person contact as possible. We can be reached during normal office hours at 210-631-0400. ****After September 8th, we will reopen at a 25% staff capacity and will meet with clientele via appointment ONLY to minimize foot traffic in the office.***
CURRENT POLICY ON 4-H CLUB MEETINGS: Regular Face-to-Face meetings can resume after on/after Tuesday September 8, 2020. Meeting Guidelines/Checklist for Club Managers must be adhered to, and a WAIVER for participating members is highly encouraged to keep on file. We know this is a unprecedented situation, please be sure to communicate with the County Extension Office if you have questions regarding the new Guidelines/Procedures.

2. The following CDC information relates to how COVID-19 is spread:

- The virus is thought to spread mainly from person-to-person.
 - Between people who are in close contact with one another (within about 6 feet).
 - Through respiratory droplets produced when an infected person coughs or sneezes.

Some spread might be possible before people show symptoms; there have been reports of this occurring with this new coronavirus, but this is not thought to be the main way the virus spreads.

• Spread from contact with contaminated surfaces or objects:

It may be possible that a person can get COVID-19 by touching a surface or object that has the virus on it and then touching their own mouth, nose, or possibly their eyes, but this is not thought to be the main way the virus spreads.

3. The following CDC information relates to how to mitigate infection of COVID-19:

CDC always recommends **everyday preventive actions** to help prevent the spread of respiratory diseases, including:

- Avoid close contact with people who are sick and stay home if you are feeling sick.
- Avoid touching your eyes, nose, and mouth.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.

Guidelines for Conducting Adult and 4-H Meetings

Howdy Bexar County 4-H,

I know many clubs are beginning to kick off the new 4-H Year. We want to support our youth 100% in participating in our 4-H program this year. Despite all the challenges 2020 gave us, we anticipate a successful year for 20-21 because we are more prepared and can anticipate these changes.

4-H Clubs may now begin meeting face-to-face. Due to many challenges we are asking each and every ONE OF YOU to help us maintain a safe and healthy environment for all! ***NEW* We have some updated guidelines below for conducting adult and 4-H meetings, programs, and events.** As we look into the new 4-H year, we hope this resource will be helpful in determining the steps you need to take or not take to put a meeting, program or event together. If you ever have any questions or need guidance in this area please do not hesitate to contact me at ntcervantes@ag.tamu.edu OR 210-857-9285.

Additionally, we have also included a **COVID-19 Screening Letter and Waiver Form** for your use with members. **We do NOT require that you have a waiver form for every club meeting, however when members sign it at each meeting, they must acknowledge that they are agreeing to the previously signed WAIVER FORM.** However, if you are holding a non-club meeting (separate project meeting, special event/training) you must acquire your own copy of the **Screening Letter/Waiver**. Again, we wish everyone a safe, healthy and successful year!

Eligibility Forms for all MAJOR SHOWS

Information: For youth exhibitors who will be attending the Major Shows, please note we will **NOT** be providing you a paper eligibility form to be filled out by your school officials. This year, **we will be contacting your school administrators directly to confirm academic eligibility. It is imperative that 4-H members who plan to show at the Major Stock Shows enroll on 4HOnline ASAP and make sure to notate the school you are attending in the system.** We are making this change to avoid unnecessary complications such as school closures and for students currently participating in virtual learning. Additionally, **families will need to verify with the school if there are questions regarding excused/unexcused absences. Our County office will only be determining academic eligibility. Families will be responsible for keeping track of their child's excused/unexcused absences.** If you have questions regarding this process you are welcome to email Sam Womble at Sam.Womble@ag.tamu.edu or Natalie Cervantes at ntcervantes@ag.tamu.edu

2020-2021 Major Stock Show Updates & Entry Forms- PLEASE READ

ALL MAJOR SHOW ENTRY FORMS WILL BE DUE Thursday NOVEMBER 5, 2020

***Includes Livestock Exhibitors, Judging Contests, & Junior Shootout/Shooting Contests**

Late Fee for Entry Forms will be \$100.

Additionally, there will be an additional deadline for corrections to be made on incorrect entries. Nov. 10 (Tues) is the deadline for entry corrections before the late fee is assessed.

Major Show Stock Show entries can be a very time consuming, confusing and tedious process! We want to assist you with your entry forms but need your help in getting your entries in a timely manner. Due to the restrictions of staffing capacity in the office, both Sam and Natalie will be doing their best to be accessible during Stock Show entry time but will be very shorthanded this Fall. Therefore, we ask that you please get your entries in as early as possible so we can check/correct entries as they arrive. We will be available IN-PERSON all day on **October 28-30** and **November 3-5** from 8am – 5pm to assist you in-person. Outside of this time period you will need to set up an appointment with Sam Womble at Sam.Womble@ag.tamu.edu or Natalie Cervantes ntcervantes@ag.tamu.edu.

Eligibility Guidelines: The 2019-20 school year was a year unlike any other. The 2020-21 school year is creating issues unprecedented in history under circumstances that are different for *every ISD* and *every 4-H member*. Due to the conditions surrounding 4-H participation and the various learning options available to students this year, additional clarification will be provided regarding academic eligibility throughout the year. **Families are encouraged to know and understand school policy regarding learning options and the implications for participating in various activities.** Regardless of a 4-H member's school instructional status (face-to-face, virtual, homeschool, etc.), all youth who meet the age/grade requirements are eligible for 4-H membership. **To participate in 4-H competitive activities or events that require missing school time, 4-H members must be academically eligible.**

Just a few updates and reminders for you to be aware of:

Rabbit Hemorrhagic Disease Update & Updated Local Show Practices

Quality Counts:

Fall livestock show entries are in full swing and so is Quality Counts! Thankfully, there are no big changes for the course and exam this year. **As a reminder, exhibitors must be verified once per grade level division** (Junior – 3-5 grade; Intermediate – 6-8 grade; Senior 9-12 grade), **not each year!** If you are a BRAND NEW Exhibitor and have never shown or taken the Quality Counts exam, you will NEED to take this exam before you turn in your Stock Show entry forms. If you have previously shown before and taken this exam, you ONLY need to retake the exam if you are moving into the next grade level division.

Exhibitors must have a verified number for major livestock show entries. County Extension Agents and Agricultural Science will verify if your number is current. Only those exhibitor accounts with “True” and a % score grade are verified and may be used on entries. Please see enrollment instructions [HERE](#). Managers, please share this with your members when you ask/remind exhibitors to get verified. These are step-by-step instructions and really help folks through the process. Please also share the attached FAQ [HERE](#) to make the enrollment and testing as smooth as possible! For any technical questions regarding the website or login credentials, please have exhibitors reach out to our helpdesk at learnonline@ag.tamu.edu.

58th Annual Bexar County Junior Livestock Show Update:

After careful deliberation with all BCJLS Directors, it has been decided BCJLS will proceed with a physical show to take place at the BCJLS Show Grounds. Details regarding the show will be forthcoming. That being said, in the event that the pandemic were to continue, and could adversely affect the health and well-being of any participants, a virtual show would be held. Rest assured that if a decision is made to move forward with a virtual show, Ag-Teachers, FFA Students, and 4H Club members will be notified in a timely manner, and allowing ample time to address any issues or questions that will ultimately arise. Throughout this process, we invite you to visit our website at www.bcjls.com for continuous updates.
